

# Ed Tech Update

From the ISD Educational Technology Department

Volume 4, Issue 2  
October 14, 2014

## Clock Hours

All clock hours are managed through PD Place. If there are clock hours associated with a training that you are participating in, make sure that you do not pay for the clock hours until you are sure that you will be attending. There is no deadline for paying for clock hours, and no refunds for clock hour payments. Clock hours will appear on your transcript once you pay for them. You can print a transcript from PD Place. When doing so, double check that all of your clock hours appear and then submit to Betsy Meador.

This is the 2<sup>nd</sup> 2014-15 edition of the Ed Tech Update, brought to you by the Ed Tech Department, and is provided to give you an update on classes, software tips, resources, and other important information. More information can also be found on the Ed Tech Connect site: [click here to access](#).

## Upcoming Tech Trainings

## Atomic Learning: Featured Tutorial

### iOS 8 – What's New?

iOS® 8 is a free update to the operating system that runs the iPhone® and iPad®. This online training series will show you some of the new features in iOS8. Topics include: Interactive Notifications, QuickType, Family Sharing, iCloud® Drive, Spotlight®, and more! Click on the picture to the right to access this training series.

### About Atomic Learning

Both certificated and classified staff may receive compensation for utilizing Atomic Learning outside of the contracted day. Tutorials for compensation must align with the staff member's individual job responsibilities--the technology must be used in your position. Compensation directions have changed for the 2014-2015 school year. View the [Atomic Learning Information site](#) to learn more.

## Questions?
