## Puget Sound EdCamp

Saturday, May 16, 2015  
9am - 3pm

Puget Sound ESD  
Renton, WA

An EdCamp is an “unconference,” where the content and sessions are decided by the attendees. It's a great day of participant-directed learning, collaborating, and networking. And IT'S FREE!

Previous EdCamps have had a wide range of attendees, including pre-service teachers, classroom teachers, teacher-librarians, curriculum specialists, TOSAS, higher education faculty, from private and public schools. I hope you can join me and a crowd of other interesting and interested educators for a fascinating day.

More information and the registration link can be found at: <http://www.edcampseattle.org/>

## Atomic Learning Update

Have you used all of your Tech Per Diem Hours for the 2014-2014 school year? If you're not sure, [check your status here](#). If you haven't or you're looking to earn In-Service hours, consider watching some Atomic Learning tutorials. Please visit the [Atomic Learning Information](#) page in Connect for specific

details and directions for logging into Atomic Learning and getting compensated for your time.
